

Transform your business processes

Document capture and management made easier and more intelligent from Kodak, featuring Smart Touch technology, **Kodak Capture Desktop Software** and **Kodak Capture Pro Software**.

No matter what your scanning environment, from desktop to high-volume production, Kodak's versatile choices and advanced-yet-simple performance features let you do more, more easily. With Kodak, it's a snap to scan, process, utilize and manage documents and the critical data from those documents. Make your business process beautifully productive while you save money and boost performance.
